My profile

I am a hard working student who takes pride in all my work. I am also very serious and down to earth when circumstances demand a professional demeanour. I like to keep positive and optimistic when problems arise and try to resolve them with calm and kept manner. I do also try balance out my work with peaceful hobbies or stress relieving activities.

I am currently studying BA (Hons) Media & Public relations at Birmingham City University and am due to graduate July 2020. I am experienced in writing and communicating. My aim is to gain experience in the media industry to help support my main ambition which is to become a PR specialist.

Media experience

Festival volunteer (DanceXchange with the Birmingham Hippodrome)

- Worked as a volunteer at an international dance festival run by a dance studio called DanceXchange in partnership with Birmingham Hippodrome
- Worked a flexible schedule made up of afternoons but had to use the morning to set up tents and equipment and do routine safety checks and hand in the work to the events manager.
- Captured a range of photographs and videos in a busy environment
- Had to plan ahead with events manager to decide locations, followed by press and what sort of footage would be suitable

Interests and Activities

My interests from a young age included puzzle solving with board jigsaw puzzles and crosswords.

Nowadays I enjoy playing video games specifically in recent memory my favourite game is the Witcher video game series which pulls its' setting from polish folklore and blends it into a believable but brutal setting, the games also have novels which they are mostly based off them too. I also enjoy reading manga and watching anime in my spare time as they create engrossing storylines for me.

Past work experience

- Restaurant waiter

Additional information

- Can speak English and Bengali
